What better way to celebrate life than with the joy of music and dancing feet?

Dancing Chimes Pathway

An opportunity to make a *lasting tribute*

The Dancing Chimes Pathway at Reiman Gardens is a musical instrument set in a decorative walkway. The Gardens fill with joyful music as guests play the chimes by dancing on the various musical squares.

The pathway leading up to the chimes will allow guests to honor or commemorate a loved one, an achievement, or special day in their life with a message cast into a nature-inspired paver. Each paver will be elegantly arranged with other pavers to create a stunning walkway in the Father Supple Courtyard.

Your gift will also support the flowers and plant needs at the Gardens.

Eastern Redbud

With a gift for a 12" by 12" paver, you can have your special message cast into terra cotta clay. The **Eastern Redbud** paver was designed by RDG Dahlquist Art Studio of Des Moines. Please limit your message to three lines of text (*including spaces*), using up to 15 characters on the first line, 25 characters on the second line and 30 characters on the third line.
